# OUR DEGREES

Whether your interest is in cinema, photography, audio, television, advertising or journalism, our diverse faculty will challenge you to realize your true potential. You will be encouraged to explore interdisciplinary interests, and hands-on experiential learning

# **OUR SCHOOLS**

Our curriculum allows you to focus your degree on a specific area of interest, but you will find common themes across all our programs. Education comes from the integration of historical and analytical grounding and technical training in your field.
