DARWIN WEEK

[Buy Darwin Bobblehead](#)

The Department of Zoology offers B.A., B.S., P.S.M., M.S., and Ph.D. degrees for students interested in the scientific study of animals. The faculty maintains expertise in [ecology and ecosystem studies](#); [genetics, evolution and population biology](#); [fisheries biology and aquaculture](#); [environmental toxicology](#); and [wildlife ecology and management](#). In collaboration with other life-science programs at SIUC, Zoology staff and students engage in interdisciplinary scholarship and training activities that extend from molecular to ecosystem levels.

Interim Chair: [Kamal M. Ibrahim](#)

Director of Graduate Studies: [F. Agustin Jimenez](#)

Director of Undergraduate Studies: [Robin W. Warne](#)

Director of P.S.M. in Wildlife Administration and Management: [Mike Eichholz](#)
