New Horizons in the Applied Sciences and Arts: Rethinking and Remaking Our World for the 21st Century

ASA MULTIDISCIPLINARY RESEARCH SYMPOSIUM

Newsworthy Title - Southern Illinois University EEB

Hosted by SIU’s College of Applied Sciences and Arts (CASA), the ASA Multidisciplinary Research Symposium is open to faculty, professionals, and students from any discipline, university, or professional organization. This year we are accepting proposals for oral presentations, poster discussions, panels, and workshops that will provide opportunities for students, researchers, and practitioners to discuss the influence and impact of the applied sciences and arts on the future of our planet and our society. CASA consists of a diverse range of programs that all center on the tangible application of knowledge and technology in the world. We are open to any thoughtful representations or reimaginations of the conference theme as it applies to these fields.

Joined interests

Dental hygiene, Health Care Management and Administration, Honors Science and Funeral Service, Radiologic Sciences, Physical Therapy, and Health Informatics

Architecture, Design, and the Built Environment

Transportation

Aviation Technology, Aviation Management, and Flight, and Aviation Technologies

Information Systems and Applied Technologies
